The Ultimate Luxury Kimberley Experience at Cable Beach Club Resort & Spa, Broome

On the edge of the vast Kimberley region lies the award winning Cable Beach Club Resort & Spa - the only Resort in Broome overlooking the spectacular Cable Beach. Here red cliffs, white sand and clear blue waters combine to form one of Australia's most spectacular landscapes.

A tropical oasis, the Resort is just minutes away from the multicultural pearling town of Broome and offers a truly unique experience for guests travelling to the Kimberley region.

A variety of accommodation options are dotted throughout the 26 acres of magnificent landscaped gardens which weave through and around the Resort. The intimate Studios are perfect for couples and feature a private verandah and corrugated iron walls; whilst the Resort's spacious Broome Bungalows with open plan living provide a spacious home away from home for families or larger groups.

For guests looking for seclusion or a romantic break, the spacious Villas are the ideal room choice. These lavish rooms feature an enclosed courtyard and private plunge pool with full butler service included to meet guests every request.

The most opulent of room types lies in the Resort's masterpieces, its Asian and Colonial style Suites. Named after renowned artists Humphrey Price-Jones, Sir Sidney Nolan and Elizabeth Durack, they feature original artworks complemented by exotic antiques and artefacts. All three Suites boast views of the Indian Ocean and complimentary butler service.

The influence of Broome's multicultural melting pot is evident with four distinctively different restaurants and bars available at the Resort. From casual dining and cocktails overlooking Cable Beach at the Sunset Bar & Grill to the ultimate in Broome fine dining at the Cub Restaurant.

Guests can enjoy the near-perfect tropical weather and relax around the Resort's two swimming pools, one for families, and the other a tranquil haven reserved solely for adults.

The Resort's Chahoya Spa is Broome's little piece of heaven on Earth, catering for men and women searching for total body wellness and rejuvenation. Complete with seven private suites, double vichy shower room, hair salon, yoga deck and much more, Chahoya Spa provides a tranquil retreat where senses are unleashed and clarity restored.
