<b>SAKE</b>	<b>\$</b>
<b>Dassai 45</b> Indulge in this exquisite brew, meticulously crafted to create fruity and floral aromas that tantalise the senses. The drink offers a soft and clean finish that leaves you wanting more. The Dassai way is to create sake that is nothing less than super delicious, and this drink is a testament to that philosophy. Enjoy chilled.	26
<b>Ohmine Junmai</b> With a silky-smooth texture and a subtle sweetness reminiscent of ripe tropical fruits like peach and mango, this beverage offers a delightful experience. The gentle and delicate finish features a medium level of sweetness and a light, refreshing acidity that leaves the palate feeling clean and refreshed. Enjoy chilled.	28
<b>Kinokuniya B Junmai Namacho</b> Crafted using the "namachozo" process, this sake undergoes a single heating instead of the traditional double heating, preserving its fresh and serene aroma. With an even more exquisite fragrance than regular junmai-shu, this sake boasts a slight acidity that makes it a perfect choice for enjoying over ice.	20
<b>Onigoroshi Junmai Sake</b> "Onigoroshi" translates to "demon slayer" in Japanese, and this Junmai premium sake lives up to its name. Boasting a clean, crisp, and fruity flavour profile with a dry finish, it pairs perfectly with a wide range of Japanese-inspired dishes. For a truly authentic experience, enjoy it warmed to the optimal temperature.	20
<b>Daku Nigori Sake</b> Derived from the Japanese word for "cloudy," daku is a type of Nigori sake made using traditional, unfiltered methods. This semi-sweet and mild sake features a fruity aroma that is perfectly balanced and brewed with Fushimizu, the world-renowned soft water from Kyoto. Enjoy chilled or over ice for a refreshing twist.	22
